TERRIFYING  
**Totally Trivia**™  
THE COMPLETE QUIZ GAME

*Instructions*

3629

For 2+ Players  
Ages 14 and Up

## Contents:

900 Questions, 1 Die.

## Object of the Game:

To answer one question correctly from each of the six categories:

Rock & Pop

People & Places

TV & Film

Science & Nature

Fun & Games

Past & Present

## Before You Start:

The game can be played individually or in teams. If playing in teams, make sure that each team is roughly the same size and has a mix of players from all ages.

Shuffle the card deck from each category and replace the cards in the correct section of the box.

## Playing the Quiz:

Roll the die to decide which player/team takes the first turn. This player/team then states which category they wish to attempt and rolls the die. The player/team to their left takes one of the cards from the chosen category and reads out the appropriate question. For instance, if the first player/team chooses Rock & Pop and rolls a six, they will be asked question six on the Rock & Pop card.

If the player/team answers the question correctly, they keep the card. If not, the card is returned to the correct category section in the QuizMaster™ box. The turn now passes to the player/team to the left who chooses a category to answer and rolls the die to select a question.

A player/team can attempt any category at any time until they answer a question correctly and win the card. Once they have been awarded the card, they must attempt one of the remaining categories when it is their next turn.

The game continues in this manner with players/teams answering questions and winning cards. The first player/team to gain a card from all six categories, wins the game.
